4 have to stay engaged to know what's going on for the exams

Q: What specifically about the feedback helped your learning?

1 The instructor was really helpful on feedback.

Q: What specifically about the quality of course materials helped your learning?

1 Your energy in class and your reference really help me be engaged and retain the information.

2 I found that I referenced both the book and the lecture slides often to help me to further understand the materials.

3 It was fun to learn

4 The lectures and material was very clear.

5 I liked how our lecture slides were hand written and explained in lecture.

Q: What specifically about the clarity of instructions helped your learning?

1 I enjoyed the in-class worksheets that Joe provided immediately after we went over new material. Once we had enough time to finish the worksheet he would go over it to make sure we understood.

2 Nothing was confusing

Q: What specifically about the use of active learning helped your learning?

1 I liked that he used real life examples in his lecture some students may feel its old but. I liked them a lot. Keep up the good work Joe!

2 Joe is a phenomenal teacher. I felt that I not only learned, but was able to understand and apply concepts learned in class.

3 The in class worksheets were very helpful in getting hands on experience for answering questions.

Q: What specifically about the interactions between students helped your learning?

1 joe was great at answering the questions that students had in class

Q: What specifically about instructor communication helped your learning?

1 The way Joe taught

2 Joe was great about connecting economic issues with relatable things all students experience

3 Joe's lectures were always wonderful, but sometimes quite quick for the topics.

Q: What specifically about the organization of this course helped your learning?

1 We were always aware of the different assignments we had to complete and when, which made it easier to be able to stay organized.

2 Structure was clear and straightforward. This helped me keep track of what I needed to be studying and focusing on.

3 I really like the way the lectures are organized.

Q: What specifically about the relevance of the course content helped your learning?

1 Economics is relevant to what I intend to do for a living.

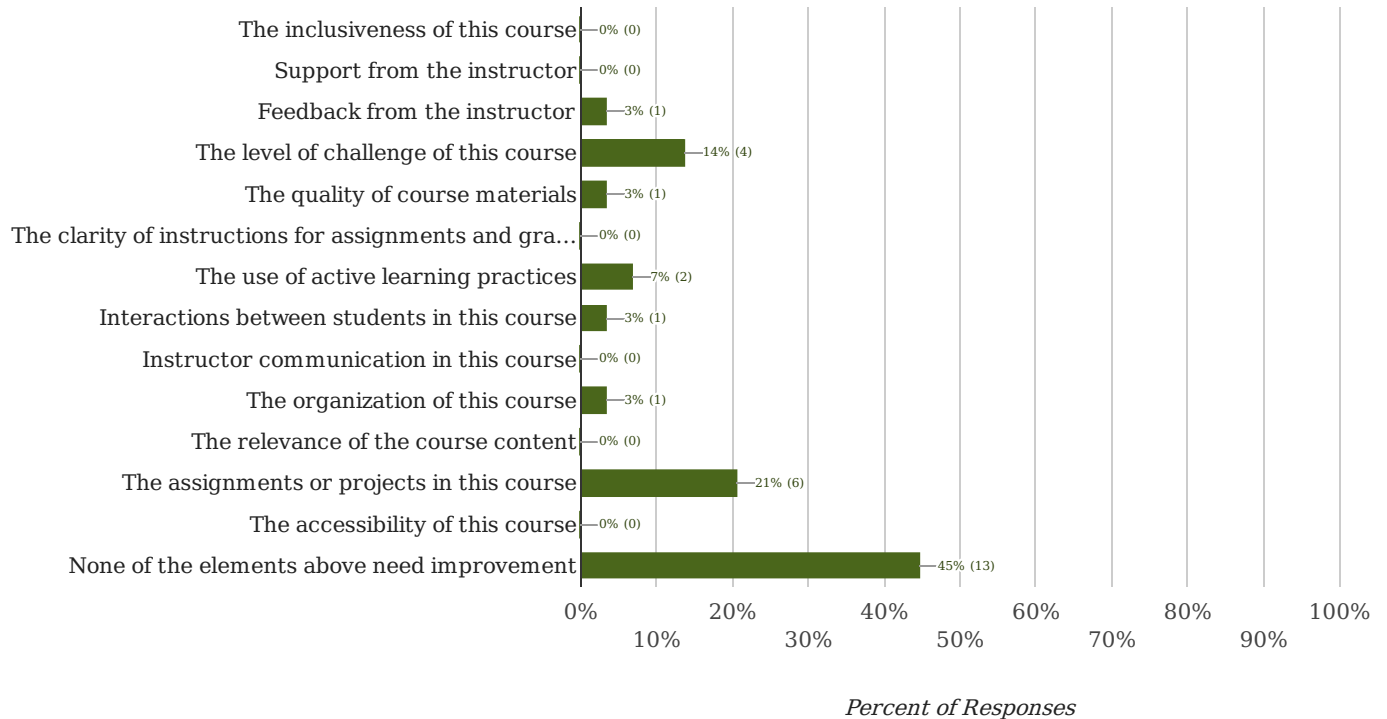

Q: What specifically about the assignments or projects helped your learning?

What Could MOST Use Some Improvement to Help you Learn? (25 comments)

Q: What specific change in the inclusiveness of the course would help your learning?

Q: What specific change in the support from the instructor would help your learning?

Q: Was the course too hard or too easy? What specific change related to the level of challenge would help your learning?

1 no.

2 N/A

3 Its way too slow

4 Its a hard class for a freshman to take

Q: What specific change in the feedback would help your learning?

1 Maybe letting students view their Midterms during discussion so we can see what we did wrong. I know office hours provide this opportunity but those hours may interfere with other classes.

Q: What specific change in the quality of course materials would help your learning?

1 I don't think the textbook was necessary. We learned all of the material we needed to know in class.

Q: What specific change in the clarity of instructions would help your learning?

Q: What specific change in the use of active learning would help your learning?

-
- 1 wish we did more examples in class together... more worksheets
-
- 2 More worksheets or ways to check in on how the material sits with students could be beneficial as the end grade in the course is based off of quizzes, the midterm and final.

Q: What specific change in instructor communication would help your learning?

Q: What specific change in the interactions between students would help your learning?

1 I think that because the lecture is so large, it makes it difficult for students to interact with each other.

Q: What specific change in the organization of the course would help your learning?

1 I stopped reading from the book after the first week because the lectures repeated the same things.

Q: What specific change in the relevance of the course content would help your learning?

Q: What specific change in the assignments or projects would help your learning?

-
- 1 there werent really any assignments and i feel like maybe just ungraded assignments to help us learn more about the topics would be beneficial
-
- 2 I think the addition of a couple of assignments or homework could have been beneficial, just to know how I am actually doing in the course.
-
- 3 If there were other assignments everything wouldn't weight on a test.
-
- 4 Adding assignments would be helpful
-
- 5 I wish we had homework for the math portions of the class
-
- 6 I didn't do the reading 90% of the time because it wasn't required and sometimes felt a little behind, and I know that that is my own fault but I would feel much more encouraged to read it if there was some sort of grade incentive

Q: What specific change in the accessibility of the course would help your learning?

Q: Please say more about how none of the teaching elements above need improvement to help your learning.

9 There wasn't anything that stood out to me that needed improvement.

Student engagement in their own learning

How Did You Support Your Own Learning? (22 comments)

Q: Why did you attend class 90-100% of the time?

1 I have to need or desire to skip class.

2 the class was interested.

3 N/A

4 It was fun. I liked the class soo much I hope to go into Joe's class next time as soon as possible.

5 I enjoyed the class

6 If I would miss more than 90% of total classes I would have been totally lost in this course since it is lecture heavy.

7 Because it was beneficial to my learning.

8 I had an earlier class so I was already awake.

9 I was interested in the topic

10 Because I attend class

11 Lectures are the best way I learn.

12 .

13 I get class checked

14 Great teacher, wouldn't want to miss the class

15 to know what was going on

16 class is important.

Q: Why did you attend class 75-90% of the time?

- 1 would sometimes miss my alarm
- 2 I kept sleeping through my alarm
- 3 yep

Q: Why did you attend class 50-75% of the time?

- 1 I was able to keep up with the material without attending every class

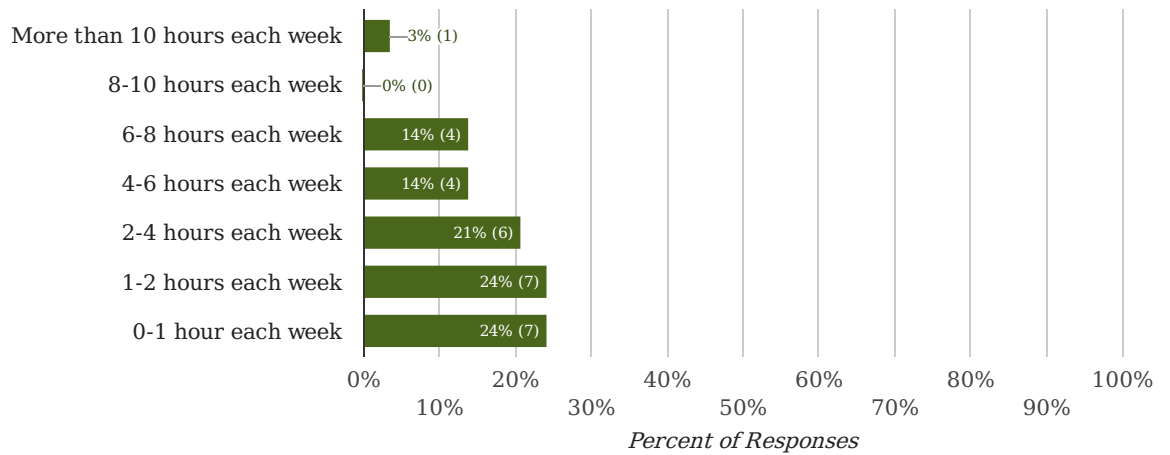

Q: Why did you attend class 25-50% of the time?

- 1 Because lecture slides were posted and because I owned the textbook, I didn't feel as much of an obligation to be in lecture as I did to be in discussion sections.

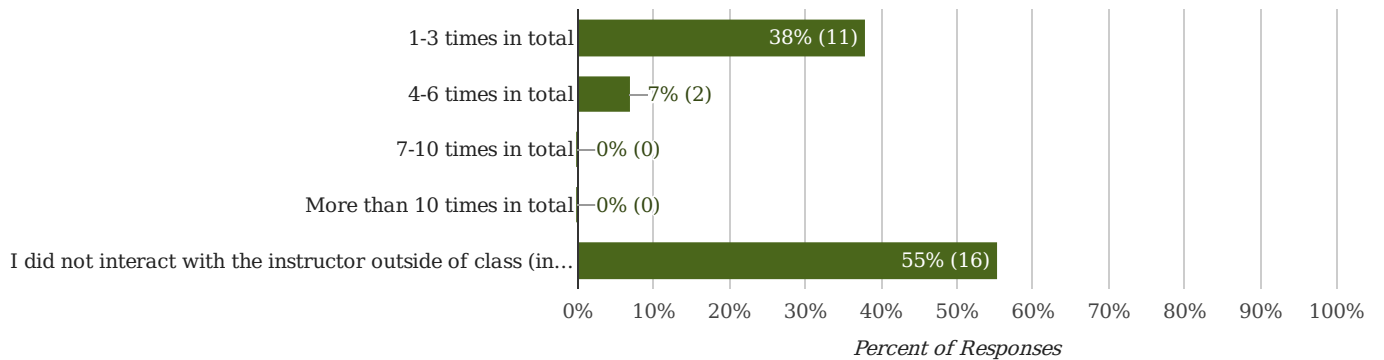

Q: Why did you attend class 0-25% of the time?

- 1 Attendance wasn't required, no homework to turn in, and i was busy with other classes and work.

How many hours per week did you spend on this course (not including any face-to-face class time)?

Approximately how many times did you interact with the instructor outside of class (e.g. by email, office hours)?

Is there anything else you would like to say about your learning experience?

Final Question (4 comments)

Q: What else would you like to say about your learning experience in the course? Please avoid personal comments about the instructor.

1 It was fantastic!

2 It was good I was always in the back row but, I had no problem attending the class. This class had change my view of looking at economics and obviously money! Take care Joe. See you around.

3 Great teacher and really connects with his students.

4 Joe is an outstanding instructor and he did a phenomenal job with this class.
